January 11, 2013

EnerSys, the Global Leader in Stored Energy Solutions for Industrial Applications.

READING, Pa., Jan 11, 2013 (GLOBE NEWSWIRE via COMTEX) --

via PRWEB - EnerSys, the global leader in stored energy solutions for industrial applications, announced today that John D. Craig, chairman, president and chief executive officer will make a presentation at 12:05 pm, January 15 at the Needham Growth Conference at the New York Palace Hotel, New York, NY.

About EnerSys

EnerSys, the world leader in stored energy solutions for industrial applications, manufactures and distributes reserve power and motive power batteries, chargers, power equipment, and battery accessories to customers worldwide. Motive power batteries are utilized in electric forklift trucks and other commercial electric powered vehicles. Reserve power batteries are used in the telecommunication and utility industries, uninterruptible power supplies, and numerous applications requiring stored energy solutions including aerospace and defense systems. The company also provides aftermarket and customer support services to its customers from over 100 countries through its sales and manufacturing locations around the world.
