

EnerSys To Host 2023 Investor Day

April 13, 2023

READING, Pa., April 13, 2023 (GLOBE NEWSWIRE) -- [EnerSys](#) (NYSE: ENS), the global leader in stored energy solutions for industrial applications, will host an Investor Day in New York City on Thursday, June 15, 2023. David Shaffer, President and CEO, Andrea Funk, Executive Vice President and CFO, and other members of the executive management team will present a detailed overview of the Company's strategic vision and drivers to innovate, optimize, and accelerate the business, as well as their priorities on sustainability and capital allocation. The event will include formal presentations and Q&A sessions followed by a luncheon with senior leadership and a product showcase.

Due to space limitations, the number of in-person participants is limited and advanced registration is required. Presentations are expected to begin at 8:30 a.m. (ET) and conclude at approximately 12:00 p.m. (ET).

A live broadcast as well as a replay of the event can be accessed through the Events and Presentations page of the Investor Relations section of the company's website at <https://investor.enersys.com/events-presentations>.

About EnerSys:

EnerSys is the global leader in stored energy solutions for industrial applications, manufactures and distributes energy systems solutions and motive power batteries, specialty batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customers worldwide. Energy Systems, which combine enclosures, power conversion, power distribution and energy storage, are used in the telecommunication, broadband and utility industries, uninterruptible power supplies, and numerous applications requiring stored energy solutions. Motive power batteries and chargers are utilized in electric forklift trucks and other industrial electric powered vehicles. Specialty batteries are used in aerospace and defense applications, large over-the-road trucks, premium automotive, medical and security systems applications. EnerSys also provides aftermarket and customer support services to its customers in over 100 countries through its sales and manufacturing locations around the world. With the NorthStar acquisition, EnerSys has solidified its position as the market leader for premium Thin Plate Pure Lead batteries which are sold across all three lines of business. More information regarding EnerSys can be found at www.enersys.com.

Sustainability

Sustainability at EnerSys is about more than just the benefits and impacts of our products. Our commitment to sustainability encompasses many important environmental, social and governance issues. Sustainability is a fundamental part of how we manage our own operations. Minimizing our environmental footprint is a priority. Sustainability is our commitment to our employees, our customers and the communities we serve. Our products facilitate positive environmental, social and economic impacts around the world.
