

EnerSys Files Original Listing Application with the New York Stock Exchange

August 27, 2004

READING, Pa., Aug. 27 /PRNewswire-FirstCall/ -- EnerSys (NYSE: ENS) announced that it has filed an Original Listing Application with respect to its common stock that was authorized for listing on the New York Stock Exchange on July 26, 2004. 12,500,000 shares of common stock began trading on the New York Stock Exchange under the ticker symbol ENS effective with the opening of trading on July 30, 2004.

The listing requirements of the New York Stock Exchange require that EnerSys disclose that additional information is available upon which the New York Stock Exchange relied to list the company, and is included in the listing application it filed. Such information is available to the public upon request.

For more information, please contact Richard Zuidema, Executive Vice President, EnerSys, P.O. Box 14145, Reading, PA 19612-4145. Tel: 800/538-3627; Web site: <http://www.enersys.com>.

EDITOR'S NOTE: EnerSys, a world leader in stored energy solutions for industrial applications, manufactures and distributes reserve power and motive power batteries, chargers, power equipment, and battery accessories to customers worldwide. These include the datacom and telecom, financial and utility markets as well as the material handling and ground handling industries. The company also provides aftermarket and customer support services to its customers from over 100 countries through its sales and manufacturing locations around the world.

More information regarding EnerSys can be found at <http://www.enersys.com>.
